Projects

Personal Portfolio (Using: HTML, CSS, JavaScript) ([Link](#))

- This portfolio website is a modern, responsive, and visually captivating platform designed to highlight my professional journey, technical expertise, and creative projects. It serves as a hub for showcasing my achievements and capabilities in web development.

Smart Ledger (Using: HTML, CSS, JAVASCRIPT) ([Link](#))

- An Expense Tracker is a web application designed to help users manage their finances effectively. It allows users to record their income and expenses and categorize them for better analysis. Users can make informed financial decisions and achieve their financial goals by tracking spending habit.

Daily-Dose (Using: HTML, CSS, JAVASCRIPT) ([Link](#))

- Daily Dose is a sleek and responsive to-do list app crafted to help users easily organize and prioritize their daily tasks. Designed for simplicity and usability, it's the perfect tool for staying productive and focused throughout the day.

LightBox Gallery (Using: HTML, CSS, JAVASCRIPT) ([Link](#))

- Light Box Gallery is a responsive and interactive image gallery designed to provide users with an immersive photo-viewing experience. With a clean layout and smooth functionality, it transforms image browsing into a sleek and intuitive experience.
